Cal's Angels is a St. Charles based 501(c)(3) pediatric cancer foundation established in 2007 by Tom and Stacey Sutter after losing their oldest son Cal to leukemia in 2006. Cal's kindness inspired Tom and Stacey to start a foundation that would grant wishes for kids fighting cancer and provide financial assistance to their families. Cal's Angels has raised more than \$3.5 million to support children at all Chicago area hospitals and assists over 400 families each year. Cal's Angels just announced they are now expanding their mission to not only grant wishes, but also raise awareness for pediatric cancer and fund research to find a cure!
